Dear Stakeholder,

Today, September 21, 2018, EPA Office of Air and Radiation Assistant Administrator William Wehrum and NHTSA Deputy Administrator Heidi King signed the attached Notice which responds to several letters EPA and NHTSA have received requesting the Agencies extend the public comment period for the NHTSA Draft EIS and/or the Joint Notice of Proposed Rulemaking for the Safer Affordable Fuel-Efficient Vehicles Rule for Model Year 2021-2026, as well as requests for the Agencies to hold additional public hearings.

The attached document is the pre-Federal Register version, and the Agencies are submitting it for publication in the Federal Register.

Sincerely,  
Bill Charmley
